⁽a) "Adjusted Earnings," presented throughout this supplemental earnings information, is defined as reported net income excluding discontinued operations, cumulative effect of changes in accounting principles, and items identified as affecting comparability of earnings between periods. We believe that investors' understanding of our performance is enhanced by disclosing this measure. This measure is not, and should not be viewed as, a substitute for U.S. GAAP net income.

Items Affecting Comparability Between Periods

(Amounts are after income taxes)

3Q 2008

None reported.

3Q 2007

• **Exploration and Production** – Earnings include charges totaling \$33 million for production imbalances resulting from adjustments to prior meter readings at two offshore fields.

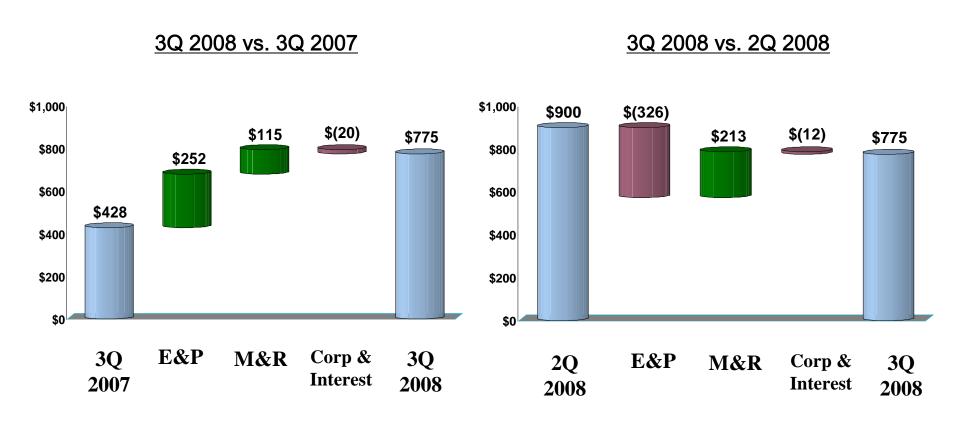

2Q 2008

None reported.

Analysis of Consolidated Adjusted Earnings

3Q 2008 vs. 3Q 2007

- Exploration and Production The increase in earnings primarily reflects higher realized selling prices partially offset by higher costs.
- Marketing and Refining The increase primarily reflects higher margins and volumes.

3Q 2008 vs. 2Q 2008

- Exploration and Production The decrease primarily reflects lower selling prices and sales volumes.
- Marketing and Refining The increase primarily reflects higher margins and improved trading results.
