Item 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

On January 7, 2009, Hess Corporation (the "Company") issued a news release announcing the appointment of Gregory P. Hill as the Company's Executive Vice President and President, Worldwide Exploration and Production, effective January 1, 2009. Mr. Hill succeeds John J. O'Connor who is retiring.

Prior to joining the Company, Mr. Hill, age 47, worked for over 25 years at Royal Dutch Shell plc and its affiliated companies, primarily in executive and management positions in the exploration and production segment, including responsibilities for onshore production in the United States and offshore production in Europe. Most recently, Mr. Hill served as Executive Vice President of Shell EP International from November 2006 and was responsible for Shell's exploration and production business in the Asia-Pacific region encompassing Malaysia, Brunei, Indonesia, the Philippines, China, Australia and New Zealand.

Mr. Hill will receive an annual base salary of \$850,000, and a one-time cash signing bonus of \$650,000 to replace his forfeited 2008 bonus with his former employer. Mr. Hill's target bonus for 2009 under the Company's Incentive Cash Bonus Plan will be 100% of his annual base salary. Mr. Hill's actual 2009 cash bonus may vary from 0 to 150% of the target bonus, depending on attainment of corporate, business unit and individual performance goals. In connection with his employment, Mr. Hill will receive stock options and shares of restricted stock in February 2009 in accordance with the terms of the Company's 2008 Long Term Incentive Plan, with an aggregate grant date value of \$5 million, half of which is to replace forfeited awards with his former employer. The stock options will vest in three equal installments on the first, second and third anniversaries of the grant date and the restricted stock shares will vest in full on the third anniversary of the grant date. Mr. Hill will also be eligible

to participate in the Company's insurance, medical and benefits plans and such other benefits the Company provides to senior officers. If the Company terminates Mr. Hill without cause, he will be entitled to receive severance benefits equal to two times his annual base salary and target bonus for the year in which he is terminated.

The Company intends to enter into a letter agreement with Mr. Hill pursuant to which he will be credited with up to ten additional years of service under the Company's Pension Restoration Plan, provided he is employed by the Company for five years. This agreement is intended to compensate Mr. Hill for pension benefits he would have received from his prior employer had he retired from his prior employment at age 60. The Company will also provide change of control protection to Mr. Hill whereby he will be entitled to receive a payment equal to two times his annual base salary and target bonus and the continuation of benefits for 24 months if, following a change in control of the Company, his employment is terminated by the Company without cause or by Mr. Hill for good reason.

A copy of this news release is attached hereto as Exhibit 99.1.

NEWS RELEASE
E&P Leadership Change
January 7, 2009

Greg Hill Named President of Worldwide Exploration and Production

NEW YORK, Jan. 7, 2009 -- Hess Corporation announced today that Greg Hill has been named President, Worldwide Exploration and Production. Hill will also be an Executive Vice President of Hess Corporation.

Hill, 47, joins Hess from Shell, where he has been Executive Vice President, Asia Pacific E&P, encompassing Malaysia, Brunei, Indonesia, the Philippines, China, Australia and New Zealand. He held numerous leadership positions during his 25-year career at Shell that included responsibilities for onshore production in parts of the United States and offshore production in Europe.

"We are excited to have an executive with such an extensive record of achievement to lead our global E&P business," said John B. Hess, Chairman and CEO. "Greg's leadership will enhance our organizational capability to meet the challenges and opportunities we have in the future to sustain the growth of our reserves and production."

Hill will succeed John O'Connor, 62, who is retiring. O'Connor joined the company in 2001 after holding key leadership positions at Texaco Inc., BHP Petroleum and Mobil Oil Corp.

"We are grateful to John O'Connor for his tremendous leadership and many contributions in building a global franchise in E&P that emphasizes technical excellence and high performance," Hess said. "We will miss John and we wish him much success in his retirement."

John O'Connor said, "It has been a fantastic seven-plus years in which our business has been totally transformed. I'm proud of everyone in our organization that played an important role in our company's success. I am confident Greg is the right person to build upon this strong foundation."
